

REUSABLE EAR PLUG

Model: DCMAX CORD 100 TPR

Cod.: WSB16101016

The DCMAX CORD 100 TPR reusable earplugs have been designed to give high attenuation of outside noise, as well as providing comfort.

Earplugs in orange colour and with blue cord that is presented in a rigid plastic box with 1 pair of ear plugs.

Easy to insert and extract.

Very effective as it offers great protection at all frequencies.

Washable and reusable.

Hypoallergenic.

Its useful rigid and transparent container allows storage when not in use.

Damage resistance when falling at low temperature.

TECHNICAL INFORMATION

Frequency (Hz)	125	250	500	1000	2000	4000	8000
Mean Attenuation (dB)	28,5	27,9	29,7	34,1	32,5	36,8	43,8
Standard Deviation (dB)	6,8	6,0	5,8	5,3	5,7	5,1	4,2
Assumed Protection (dB)	21,7	21,9	23,9	28,8	26,8	31,7	39,6

H= 29 dB / M= 27 dB/ L=24 dB/ SNR= 29 dB

Nominal diameter of the ear plug: 7 to 11

Limitations for use

The aforementioned single noise classification (SNR) is based on continuous noise attenuation and these earplugs may not be suitable for use in the following cases:

Use in intermittent or impulsive noise environments where a high level of attenuation is needed.

Use in the environment that requires additional attenuation, especially in low frequency conditions.

Classification

It complies with the essential requirements of Regulation (EU) 2016/425 and the general requirements of EN352-2: 2002

REUSABLE EAR PLUG

Model: DCMAX CORD 100 TPR

Cod.: WSB16101016

Marking

Material

Ear Plug : TPR

Cord : PVC

Storage

Earplugs should be stored in a cool, dry place, protected from cold and light, stored so that they are protected against dust, grease or chemicals.

Weight

3 gr

Dimensions / Confection

The sales unit is 100 units (1 box). Box dimensions 20X8.5X22cm
