

## TECHNICAL GLASSES

### Model: SEY II

The Sey II goggles are lightweight safety glasses with mesh side shields.

The temples, which incorporate a metal core for all models, are adjustable to fit all body shapes by hand, without the need for heating. Their anatomically designed front and curved side adapt to the face without pressure. Their panoramic shape increases the field of vision.

Available with prescription lenses.

Color: clear.

Sizes: small and medium.

Lens options: polycarbonate and Trivex®.
